### Please Note

This is a SAMPLE quotation and an estimate budget - and subject to final quote/ Request for Payment.

Any item in a yellow block can be excluded from the Package. Items in the green blocks represents the crucial services offered by Bakenhof, and therefore not negotiable.

To ensure a seamless service, Bakenhof offers compulsory in-house On The Day coordination.

Planning Step 1 is to secure the venue and the date, for which a non refundable deposit is required. The non refundable deposit is included in the total package price, and will be deducted off the balance due.

Once the non refundable deposit has been paid a Confirmation Form issued, and a Kick Off meeting planned, all the optional service providers in yellow blocks will be discussed and yellow block exclusions possible.

This quote excludes stationery, marriage officer, wedding attire and anything not listed above.

Waiters and bartenders perform various additional duties. In order to offer a professional and complete service, the number of staff required is unfortunately not negotiable.

To maintain service standards, only approved external service providers (caterer, barista, DJ, florist, decor) can offer their services at Bakenhof. **Please contact Bakenhof before you appoint external service providers.**

You are welcome to appoint your own photographer and videographer .

The Inclusive Package is in conjunction with selected service providers, subject to availability and appointed by Bakenhof. The service providers may change from time to time.

To keep up with constant changing market trends, furniture, fittings and décor may be upgraded or changed from time to time, and may differ from the furniture, fittings and décor viewed.

Accommodation is subject to availability.

### Please note our cancellation and change of date policies.
